

## Motion to PCC Meeting July 2023 – Security Grilles

### 12. Buildings Committee

**Bob Fiddaman report** I have started to put the faculty application for the replacement of the polycarbonate screens and wire grills window security grills for the stain glass windows at Christ Church, although I invited four companies to provide quotes for the work only two have responded with quotes: -

Recclesia Ltd. £18,773 plus VAT –

plus, options 1) cleaning all external face of stained and leaded glass £3,856 Plus VAT. 2) Provisional Sum Preparation & decoration of external ferramenta £2,000 plus VAT.

Charles Lightfoot Ltd. £16,840 plus VAT

As we have had these quotes for a while it would be help if the PCC gives approval for us to continue dialog to select a contractor.

If we are to continue with the application, we will require the technical support of Simon Mallam of Insall's he has provided details of his fees.

➤ **Re the quotes from Bob Fiddaman above – Proposed by Paul Tolley and seconded by Anna Mountford for Bob Fiddaman and Chris Slater to select builder and for Simon Mallum to be involved. All agreed** Pictures to be emailed.
