Estimate

10th January 2024.

Re: Electrical installation of 2 x twin socket outlets to the church.

Supply and install 2 x metal clad twin socket outlets to the church from an existing 16 amp circuit supply from the boiler room, the boiler room circuit is protected by a 20 amp R.C.B.O safety trip circuit breaker at the main board.

The 2 twin sockets will be added to this circuit.

Labour and materials. £87.70.

Total. £87.70.
